<td>8:15 AM—8:45 AM</td>
<td>REGISTRATION AND NUTRITION</td>
<td></td>
<td></td>
</tr>
<tr>
<td>8:45 AM—9:00 AM</td>
<td>WELCOME AND OPENING REMARKS</td>
<td>Jeff Balon, BSc, DC, MD, CCFP, Pain Management Physician, CPM Ottawa Trainyards</td>
<td></td>
</tr>
<tr>
<td>9:00 AM—10:00 AM</td>
<td>EXPLORING AN ON-DEMAND MENTORSHIP PROGRAM THAT SUPPORTS PRIMARY CARE MANAGEMENT OF CHRONIC PAIN AND ADDICTIONS</td>
<td>Arun Radhakrishnan, MD, CMMSc, CCFP</td>
<td>Learning Objectives: 1) Learn about mentorship opportunities available for primary care around chronic pain and addictions. 2) An opportunity to experience community based mentorship. 3) An opportunity to discuss challenging chronic pain and addictions cases.</td>
</tr>
<tr>
<td>10:00 AM—11:00 AM</td>
<td>CHRONIC PAIN: ABSENCE OF EVIDENCE IS NOT EVIDENCE OF PSYCHOPATHOLOGY</td>
<td>Joel Katz, PhD, Professor of Psychology (York University) and Anesthesia (University of Toronto)</td>
<td>Learning Objectives: 1. Understand the links between the physiology and psychology of pain symptoms—some of which may present as quite unusual. 2. Learn that the presentation of these unusual symptoms—medically-unexplained pain—is not caused by psychopathology. 3. Describe effective psychological treatments for chronic pain.</td>
</tr>
<tr>
<td>11:00 AM—11:15 AM</td>
<td>REFRESHMENT BREAK</td>
<td></td>
<td></td>
</tr>
<tr>
<td>11:15 AM—12:15 AM</td>
<td>COMBINATION PHARMACOTHERAPY FOR PAIN: PRE-CLINICAL AND CLINICAL PERSPECTIVES</td>
<td>Dr. Laura S. Stone, PhD, Associate Professor, Alan Edwards Centre for Research on Pain; Faculty of Dentistry, McGill University, Montreal, Quebec</td>
<td>Learning Objectives: 1. Discuss the potential clinical advantages of analgesic drug combinations. 2. Discuss the limitations of analgesic drug combinations. 3. Explain recent advances in our understanding of the mechanisms underlying and potential new applications for synergistic drug interactions.</td>
</tr>
<tr>
<td>12:15 AM—1:00 PM</td>
<td>LUNCH</td>
<td></td>
